News From Arrowwood

Mr. and Mrs. Bill Blackie of Wardlaw spent a few days visiting Mr. and Mrs. Walter Blackie.

Mr. and Mrs. Jay Beagle spent a few days in Calgary during Bonspiel week. They had three sons, Stewart, John and Ivan, taking part in the Bonspiel. Stewart came out on top in the Gas event.

Mrs. Walter Steiner is now at home after spending a week in Vulcan hospital.

Gordon Ingraham, Melvin Beagle, Ronald Hayes, Harold DeWitt were all weekend visitors with their parents.

A number of Arrowwood people attended Ladies' Night at the Legion in Gleichen on Friday. The men entertained their wives with a full program consisting of pantomimes, quartette numbers, shadow skits. After this a delicious lunch was served, followed by a dance and good time was reported by all.

Garfield Anderson of Calgary was a visitor at the home of Mr. and Mrs. George Leith over the weekend.

The new United Church was in use for the first time on Sunday with a good crowd in attendance. The FWUA ladies met in the hall on Friday to quilt and tie quilts for use overseas and for the Red Cross in Canada.

The United Church W.A. held their regular meeting at the home of Mrs. F. H. House on February 25 with a good crowd present. It was reported that chairs and a piano had been purchased for the new church. A tea is being planned to take place April 17.

The local bonspiel is underway with 19 rinks taking part and good prizes in all three events. The curlers are serving lunch with proceeds to help in making a soft water cistern for use next year.

The Doodle Bug Party sponsored by grades 7 and 8 was a success according to all reports. Prizes went to Ladies, Joan Zahursky, Ella Leadbeater; Men, Eric Oldfield, Chuck Leach. Booby: Joan Ward. Lunch was served after the games.

Mrs. Peterson of Olds has returned to her home after spending a few weeks with her daughter, Mrs. Ray Helm.

Alvin Gallaway and wife were visiting at the home of Mr. and Mrs. Jack Roberts.

Arrowwood citizens went to the polls on Monday and Mr. S. Zahursky was elected on the town council.

Mrs. J. Miller is in Holy Cross hospital where she has undergone an operation.

Alterations have been completed on the Shouldice hall making it passable for community use.

Mrs. F. Taylor is at home after spending three weeks in B.C.

Former Resident Dies Suddenly

Well known to many Vulcan residents, Robert Murray Stein, 51, right watchman at the Union Packing Company Nose Creek plant in Calgary, collapsed and died Sunday evening, March 1, while firemen were fighting a small blaze in the plant's smoke house. Cause of death was believed to be a heart attack. He was a brother of Jim Stein of Vulcan.

Born in Woodstock, Ont., Mr. Stein came to Calgary at the age of nine and lived in Vulcan for some years. He served with the American Army in China for five years in the 30's and in the 3rd Division, Canadian Army, during World War Two. He was a member of the Canadian Legion.

Besides his brother, he is survived by his wife Annie and one son, John, Calgary, and a sister, Mrs. Fred Lohbe, Ingersoll, Ont.

Funeral services were held in Calgary.

School Curlers Extend Thanks

A "THANK YOU" LETTER

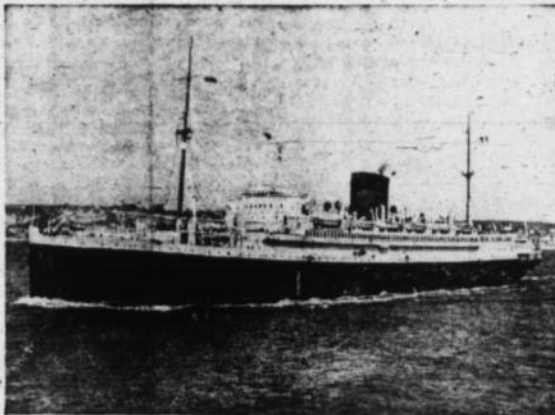

It is with sincere gratefulness that we wish to express our appreciation to all you good folks of Vulcan and district, for the many kindnesses and gifts extended to us when fortune favored us with success in winning the Alberta High School Curling Championship. Particularly to our coaches, Mr. Vern Coleman, Mr. Bev Banks and Mr. Harris Matlock, and others, who supplied us with the chance to play on their teams these past seasons.

Then to the Vulcan Curling Club and others who supplied the grand Hudson Bay Blanket coats, they are real beauties. To the Vulcan High School Union for their special reception and the genuine leather travelling bags, which we will always treasure. To John Wolfe & Son, for the leather utility kits, a splendid gift we will always appreciate and find useful.

Taylor, Pearson & Carson, we thank for supplying the funds and for making arrangements for all our travelling, hotel accommodations, and meals while away from home. We Alberta contenders are indeed fortunate in having the moral and financial support of this splendid Company, who so willingly assume all the money responsibilities.

To everyone for the grand receptions, and for the many luxurious gifts, Our heartfelt Thanks.

Billy Hansell (lead), Warren Banks (second), Ronnie Northcott (third), Barry Coleman (skip).

FOR CANADA-U.K. SERVICE

The 19,635-ton luxury liner De Grasse has been purchased by Canadian Pacific Steamships for the transatlantic trade. The vessel, formerly operated by the French Line on the Havre-New York service and on West Indies cruises where she built up an enviable reputation for her comfortable and spacious accommodation, will replace the Empress of Canada, which was destroyed by fire recently at her Liverpool dock.

The De Grasse has accommodation for 358 first class and 353 tourist passengers. It is expected that she will enter service under her new ownership sailing from Liverpool April 28 for Montreal. The ship was scuttled by her French crew during World War II to prevent her falling into the hands of the Nazis, and after the war was re-fitted and completely reconditioned, re-entering peace-time service in 1947.

Room For 135 Bed Patients

Medical Committee Plans Civil Defence Needs

If an emergency were to arise, the town of Vulcan would be able to accommodate 135 bed-patients, it was reported at a recent meeting of the Civil Defence Medical Committee.

The report, given by Miss Marion Sissons, matron of the Vulcan Municipal Hospital, showed that the hospital now has 35 adult beds in use and ten extra beds available and could handle a total of 70 patients by moving the staff now quartered in the basement. It was felt that 25 beds could be set up in the Canadian Legion Hall and 40 in the I.O.O.F. hall.

Dr. E. Szekely reported that the Carmanagay hospital has space for 18 patients. 35 beds could be set up in the community hall at Carmanagay and, if the old brick school was left standing, 40 additional beds could be placed in its rooms to give Carmanagay space for a total of 93 bed patients.

A committee of Miss Sissons, Mrs. L. Horne and Mrs. W. A. Fitzpatrick will determine how many registered nurses and trained nurses' aides are residing in the County. A suitable training program for nurses' aides will also be instituted. Classes in home nursing have now started in Vulcan and these courses would also be set up in Milo, Armada, Arrowwood, Champion and Carmanagay.

A group of four, headed by Harold Oliver and Frank Burchak of the school teaching staff, will take a course in rudimentary work carried out at the hospital laboratory.

It is hoped to have the medical Director of Civil Defence in the province attend the next meeting of this committee.

E.U.B. Church Ladies Meet

The ladies of the W.S.W.S. of the Evangelical United Brethren Church held their February meeting at the home of Mrs. George Hartung with 16 present. Mrs. Charles Budd lead the devotions. Hymns were sung and members lead in prayer.

Mrs. Dave Schierman lead the study on the life and work of the leaders and people in the West African Mission and the Sudan Mission. The roll call was responded to by members giving a verse of scripture.

Mrs. Dave Schierman, on behalf of the ladies, wished Mrs. Charles Lebsack God's blessing, all good wishes for a happy life in her new home in Calgary, expressed regrets that such a faithful member is leaving and presented her with a cup and saucer. Mrs. Lebsack responded fittingly.

The hostess, assisted by her sister Mrs. Charles Budd, served lunch which brought the pleasant evening to a close. Mrs. Budd will be the hostess for the March meeting.

Executive of Trade Board Meets

Ask Better Control of Bldgs. on Highway Sites

The first meeting of the new officers and executive members of the Vulcan District Board of Trade was held on Monday, March 20 with president W. H. Richardson as chairman. Grant Walker was appointed secretary-treasurer for the year.

The unsightly buildings being moved in or constructed at the entrance to the town from No. 23 highway were the subject of equipment and the County of Vulcan will be asked to impose controls on the type of buildings erected on county land at the entrance to towns.

Duck-Control Meeting
It was decided that a public meeting would be held in the near future with H. R. Webster as guest speaker, to discuss the duck problem and measures of control to be taken. The time and date will be announced through the Advocate.

Liquor Store
Enquiry will be made of Hon. Peter Dawson, local M.L.A., as to when the proposed survey regarding the establishment of a liquor vendor's store in Vulcan would be made.

Housing
The secretary was instructed to write Paramount Housing of Lethbridge for information as to any further developments regarding the housing scheme.

Wheat
Marsh Porter of the Alberta Wheat Pool will be invited to address a public meeting in Vulcan at some date early in April.

It was moved that a letter be forwarded to the Department of Agriculture asking that another variety of wheat, other than Thatcher, suitable for exhibition purposes, be introduced to the Vulcan area.

The tie-up of grain shipments to the west coast was discussed and a letter on this subject will be sent to E. G. Hansell, M.P.

Highway
Hon. Gordon Taylor, minister of highways, will be asked for any further information regarding the hard-surfacing of Highways 23-24. Hon. Peter Dawson will be asked to use his influence in advancing the project.

Economic Survey
Bill Richardson, Everett McPherson and Elwood Myers will take charge of the revision of the economic survey of the Town of Vulcan. The survey will be published in book form by the Department of Economic Affairs.

Kirkcaldy W.I.

Mrs. Calvin Hollister was hostess on Thursday, Feb. 26 for the Kirkcaldy Women's Institute, with six members present, Miss Ware presiding.

It was voted to donate five dollars each to the A.W.I. fund, and to the current Flood Relief Fund. Miss Janet Ware, president, was chosen as the delegate to attend the Conference in Lethbridge on March 26 and 27.

An invitation from the Thigh Hill W.I. to attend the Daffodil Tea in the Legion Hall on March 7 was accepted.

A donation of five dollars was voted for the Vulcan Public Library fund, in response to an appeal from the Good Deeds W.I.

It was decided that each member should donate a small toy or article to be sent to Norman Hubbard, a patient in the Red Cross Crippled Children's Hospital in Calgary. These are to be left at the home of Mrs. A. W. Maisey as soon as possible.

A bake sale was discussed, to be held in the Legion Hall in Vulcan on an available date in future.

A White Elephant sale, auctioned by Miss Ware, realized \$25 and was much enjoyed by all who took part. The proceeds will be used to purchase a projector for Buster Carnegie, a patient in the Red Cross hospital in Calgary.

A delicious lunch was served by Mrs. Hollister.

The next meeting will be held at the home of Mrs. Joe Main on April 2.

Hammocks are becoming a thing of the past in the Royal Canadian Navy. As new warships are constructed and older ships modified and refitted, folding steel bunks are being installed in mess-decks.

Voters Approve Subdivision Bylaw

Little interest was evidenced in the vote on Bylaw No. 290 (regarding the subdivision and sale of the Golf Course property), when polls were open on Monday for the ratepayers to approve or disapprove of the plan.

A total of 42 votes were cast, although over 375 proprietary electors of the town were entitled to vote. The vote was 29 in favor of the bylaw and 13 against, and the bylaw, which only required a straight majority, was passed.

County Election In Division 9

Notice is given in this issue that an election for the office of Councillor in Division 9 of the County of Vulcan will be held on Saturday, March 21.

Donald A. McNiven, who has represented this Division since formation of the County, is standing for re-election and the second candidate is Wendel Eresman of Arrowwood. Councillors are elected for three-year terms of office.

Polling places are the A. H. Tharlie residence at the S.W. 22-19-24, W. 4th, and the F.U.A. Hall in Arrowwood, and voting will be from nine a.m. to five p.m. Bruce Alder of Champion is the returning officer.

Services Held For Guy Denbigh

Funeral services for Guy Denbigh, beloved husband of Kathleen Denbigh who passed away suddenly at his home Friday, Feb. 27, were held from the Vulcan United Church, Monday, with the Rev. J. E. Clarke officiating.

Born in Nottingham, England in 1884, Mr. Denbigh came to Vulcan in 1918 and has operated the Vulcan Garage and Machine Shop for many years. He was Past Master of the Vulcan Masonic Lodge, and past chairman of the local school board. He was long active in a number of community affairs.

Beside his wife he leaves to mourn him one brother, Cyril F. Denbigh of Calgary, and a sister, Mrs. A. J. A. Butler of Middlesex, England. He was a brother of the late W. Wade Denbigh of Vancouver, B.C.

Special Masonic services were held in conjunction with the regular service.

Honorary pallbearers were: Dave McAfee, R. Hay, C. Ottewill and Roy Walker. Pallbearers were F. M. Anderson, D. D. McQueen, O. B. Roe, P. McAskill, G. C. Collier and J. Scobbie.

Students To Hold "Car Bonspiel"

Vulcan's high school students have come up with what at first glance appears to be a very ambitious undertaking, a car bonspiel. It transpires, though, that the cars are of somewhat ancient vintage, being 20 to 25 years old. They will be the first prize in what is announced as "Vulcan's First Car Bonspiel," to be held this coming Saturday, March 7.

Entries are limited to students of the Vulcan High School and further details are given in the advertisement elsewhere in this issue.

No Rain, But Children Get Milk

A BRAZILIAN youngster collects his weekly ration of milk from a child welfare clinic in Sobral where rain has fallen only two months in three years. The milk, desperately needed in the drought area, is prepared from powdered milk sent by the United Nations International Children's Emergency Fund (UNICEF).

Grain Handlers Strike

It is a ridiculous situation when 250 grain handlers at Vancouver can tie up grain shipments to the extent that the pinch is felt by the prairie farmers. But shipments of grain from Alberta points are at a standstill. Grain cars that have come in empty are going out empty. Much of the last crop is still on the farms.

The federal government has refused to intervene in the strike and negotiations have not yet been opened between the grain companies and the grain handlers' union. The strike has been on for over two weeks, and it's time there was some action taken to bring the two parties together so that a settlement can be worked out.

Ensign News

The Ensign Ladies Community Club held their March meeting one week early, Feb. 25, with a very good attendance. It was decided to have the Rummage sale later on in the spring, when the weather will be warmer. As Mrs. Mote resigned the position of secretary treasurer Mrs. R. Markert was elected to take her place. At the close of the meeting, the ladies of the club presented Mrs. Collison with a lovely table-lamp as a farewell gift. A lovely lunch was served by Mrs. Brown and Mrs. Zebede. Surprise box was won by Mrs. Mooney.

One local rink, namely B. Brown B. Larsen, E. Brown and T. Howlett took part in a friendly invitation bonspiel at Herronton on Saturday. They reported a very good time.

Gary Hagen is at home with the chicken pox, this week.

Three local rinks are taking part in a mixed bonspiel at Brant this week.

Mr. and Mrs. Bill Turley and Billy were Calgary visitors last Wednesday.

IN MEMORIAM

MATLOCK—In loving memory of Flight Sergeant Elmer Keith Matlock, missing from a flight over Verdun, France, March 8, 1943.

Ten sad and lonely years have passed
Since our great sorrow fell;
The shock that we received that day
We still remember well.
How life was shed we know not;
What his last word, look or thought,
Only that he did his duty
Died as he bravely fought.

QUEENSTOWN

The monthly meeting of the Ladies Aid was held in the Legion Hall on Feb. 26 with the president, Mrs. Brown in the chair. Mrs. Taggart read the devotional. The general business was discussed and it was decided to have a bazaar and sale of home cooking in the fall. The hostess, Mrs. Elder and Mrs. J. Lahd served a very delicious lunch.

Mr. and Mrs. C. Nelson (nee Nettie Semlinoff) were visitors at the home of Mr. and Mrs. Semlinoff last weekend.

Mrs. Allan Robertson has returned home again after spending a two month vacation at Big Fork, Mont. Mrs. Childers, niece of Mrs. Robertson has also returned with her for a visit.

The Ladies Auxiliary had a very enjoyable evening of Bridge and Whist in the Legion hall Feb. 25. Men's first in Bridge was won by J. Hough and ladies Mrs. Lecyer. Consolation by Mrs. Bushell and Mr. Long. Ladies whist was won by Mrs. Hunter, men's by E. Wyrick. Consolation by Mrs. Brown and O. Morseth. Hostesses were Mrs. Elder and Mrs. W. McCullum.

Mr. and Mrs. C. Lund motored to Calgary Friday, Feb. 27. Helen spent the night with Sharon Taggart.

We are glad to hear that Mr. Phil Gooch Sr. is up and around again after a bad case of the flu. Also that June Nelson is coming along fine in the Vulcan hospital.

Mrs. E. Heather has four of Mrs. Ray Fernley's children while she has gone to Calgary.

Mr. and Mrs. W. McCullum were also Calgary visitors.

Ken Knight, PFRA engineer, went to Cardston the weekend of the 20th.

KIRKCALDY

Mr. and Mrs. Joe Main and family spent the weekend in Calgary.

Mrs. Jim O'Reilly and Bryon spent a few days in Calgary last week.

Mr. and Mrs. Morley Scobie and family were Cayley and High River visitors on Sunday.

Mr. and Mrs. Allan McCrea and son of Calgary were visitors at the Spencer Lewis home last Thursday.

Mr. and Mrs. Carnegie went to Calgary on Sunday to see Bussie.

ARMADA

Mr. and Mrs. L. Stokes motored to Calgary last Sunday returning to their home on Thursday.

Congratulations are being extended to Mr. and Mrs. Barry Middleton of Kirkcaldy on the birth of their infant daughter, born in the Vulcan hospital Feb. 17. Mrs. Middleton was formerly Miss Audrey Grant of Armada.

Our deepest sympathy is extended to Mrs. H. Birkeness and family on the recent death of her father, Mr. Saddler of Champaign.

Mr. and Mrs. Art Marks and family attended the birthday supper in honor of the latter's grandfather, Charlie Anderson on his 84th birthday, held at his home in Milo last Wednesday, Feb. 18.

The wedding dance sponsored by Mr. and Mrs. Ross Chambers attracted a good crowd last Wednesday night. Fraser's Orchestra supplied the music and a purse was presented to the young couple shortly after supper by Art Marks on behalf of those present.

I have been asked to express the sincere thanks of Mr. and Mrs. N. Kunkel and family to their friends and neighbors for their many acts of kindness and

help during Betty's recent illness. Also for all the lovely flowers, letters and cards sent to her during her stay in the hospital.

Mr. and Mrs. D. Buchanan and Brenda were guests of Mr. and Mrs. H. Howel over the weekend.

Mrs. G. Stokes and daughter, Mavis and Fenwick Oakes narrowly escaped serious injury last Saturday when the car driven by Mrs. Stokes collided with a light delivery driven by F. Oakes. Mrs. Stokes lost control of her car owing to the icy condition of the road. The car apparently turned around three times, colliding with the Oakes vehicle, which had already taken to the ditch. Mrs. Stokes was thrown from the car shortly after it went out of control and the car ended up in the ditch with Mavis as its only occupant. Extensive damage was done to both vehicles but it was a miracle that no one was severely injured.

Seems it's a very unfortunate week for the Stokes as George is now confined to his bed with a severe attack of the flu. Little Norman received a gash under the chin on Saturday when he fell off a tricycle and had to receive medical attention.

Mr. and Mrs. L. Erickson and family of Calgary have been visitors at the home of Mr. and Mrs. G. Stokes. Mr. and Mrs. L. Chambers also of Calgary were guests at the Stokes home over the weekend.

Several from Armada attended the wedding dance of Mr. and Mrs. A. Johnson held in Lomond last Friday.

Friends, relatives and neighbors of Mr. and Mrs. Ross Chambers gathered at the community hall Saturday night to honor the newlyweds with a miscellaneous show-cr. Dancing was enjoyed during the evening with Alec Fraser and Harvey Howell supplying the music. Shortly after midnight a gaily decorated table laden with many lovely gifts was presented to the young couple by Mrs. A. Marks on behalf of everyone present. After the gifts were unwrapped, Mr. and Mrs. Chambers thanked their friends for everything and welcomed all to visit them in their new home. A delicious lunch was then served by several ladies bringing a perfect evening to a close.

Mr. and Mrs. F. Magella and family of Picture Butte spent the weekend at the home of Mr. and Mrs. M. Magella.

The snowstorm on Sunday piled several inches of new snow into big banks and blocked many of the roads. The snowplow came to our rescue however and plowed them out on Wednesday and Thursday.

Mrs. Ethel Root has returned home after a visit across the border.

Friends were sorry to hear of the unfortunate accident of Mr.

and Mrs. V. Williams which occurred the first part of the week. They were overcome by propane gas fumes in Lomond while taking care of their year old grandson, Vernon, while his parents were away. The child, along with his other grandmother, Mrs. S. Slacht were also overcome by the gas. All are in Vulcan hospital and latest reports are that all are on the way to recovery.

A farewell party was held Thursday evening in honor of Mr. and Mrs. M. Magella who will shortly leave Armada to take up residence in Kipp.

Mrs. S. Bohnet and son Bryan have returned home after visiting relatives in Manyberries.

P. Reiersen of Vancouver is visiting at the home of his niece Mrs. S. Bohnet.

EDISON HASTINGS

Gentlemen:

I have been very well satisfied with the results obtained with my pullets on the Ful-O-Pep Plan. I used Ful-O-Pep Chick Starter and Growing Mash, and followed the Ful-O-Pep Program exactly. This Program is very economical and grows a large bird ready to lay large eggs right at the start. Switching to Ful-O-Pep cut my feed costs 58¢ per bird raised.

Tuberculosis of Poultry

Tuberculosis is one of the commoner diseases prevalent among poultry, and is one that the average farmer who keeps a few hens for his own use, may have to contend with.

Birds of all ages may become infected with tuberculosis, but due to its slow progress symptoms may not show up until the bird is mature. By this time, the disease is usually in an advanced stage. Although it is difficult to make a diagnosis of the disease on symptoms alone, the following indications should arouse suspicions about the disease, and a definite diagnosis made by a competent person.

The first sign usually noted is that although the bird has a good appetite, it gradually loses weight, ceases egg production and is less lively than the others. Muscles in the breast shrink causing the breast bone to become very prominent. The comb and wattles may become pale or yellowish, before death the bird becomes dull and sleepy, feathers are ruffled and often there is a yellowish or green diarrhea. Sometimes one or two joints may swell and break open. Deaths occur from time to time, but seldom 2 or 3 birds die on the same day from the disease.

On post-mortem examination the lesions caused by T.B. are easily confused with those of some other diseases. Due to possible confusion, specimens should be submitted to a veterinarian for a definite diagnosis.

If T.B. is found in your flock, the birds should be killed off as soon as is convenient. Remove and burn all droppings, litter and straw from the poultry house. All moveable equipment should be taken from the poultry house and sterilized with a strong lye solution. The floor of the house should be scrubbed with a strong lye solution and the walls heavily sprayed with disinfectant. Soil may remain infected for over a year, applying lime and light cultivation helps.

When sufficient time has passed, purchase day old chicks and raise them on clean ground. When the new pullets are ready for laying, disinfect the laying houses again and apply whitewash to which has been added creolin or carbolic acid disinfectant.

STEERING—

If you're driving with your wheels in poor alignment, you'll notice the difference in your tire mileage. Control of steering is not what it should be and you have a tendency to skid in icy weather when braking. Wheat Centre has the powerful Manabe equipment at your service.

Guest: "Help! Night clerk! There's a burglar in my room!"
MRS. Dobbs: "Throw him out or we'll have to charge you for a double room!"

WHEAT CENTRE SPECIAL—

New 1952 Mercury 1-ton Truck at a bargain price. A chance to obtain a new truck at second-hand price.

"Lady, if you'll give us a nickel my little brother will imitate a chicken."
"What will he do?" asked the lady. "Cackle like a hen?"
"Now," replied the boy in disgust. "He would not do a cheap imitation like that—he'll eat a worm."

AUTO BODY REPAIRS AND PAINTING

The fact that we have already established quite a little reputation for abilities in this line is due entirely to the man who runs this end of the show here, Edgar Ludvigsen. Ed has 12 years experience in this line and was reckoned one of the top-flight body men in Calgary before coming here. We have worked previously for every insurance company and adjuster in the business, and know of not one who would object to you bringing your work to us. Western Union, Crosland & Peacock, Kelly Lucy, Wawanesa, Norwich Union are all old clients of ours from our "city days." Bring your body repairs and painting to Wheat Centre for the best possible in this type of work.

POSTURIZED

The question in the psychology exam read: "How may one obtain good posture?"
The country boy puzzled a moment and then wrote: "Keep the cows off it and let it grow."

SEED A SMUT-FREE CROP THIS YEAR ANTICARIE SD

In the past, the treatment of the smut of wheat has taken two forms, a soaking or a dusting procedure with chemicals that were either inconsistent as anti-fungus agents or dangerous to handle. Over-dosing often affected germination, in-halation and physical contact proved to be harmful, the treatment produced ineffective results. The discovery of ANTICARIE SD has put at the disposal of the Canadian farmer a perfectly safe seed disinfectant that ensures positive results.

POSITIVE Anticarie SD is a dry fungicide; dusting is a relatively simple procedure, which can be done days or weeks before seeding. The treatment consistently proves deadly to smutting organisms in the soil. A crop, free from smut can be assured by treatment with Anticarie SD.

SAFE Anticarie SD is not toxic, it does not contain copper, mercury or arsenic, it is not dangerous to humans through inhalation or touch; accidental feeding of live stock or fowl with grain treated with Anticarie will not have serious effects, although this procedure is not advisable.

ECONOMICAL Anticarie SD, with its amazingly low cost, assures a high quality wheat at a minimum expense. Low initial cost to the grower, means good profit. Only 1/2 ounce is needed per bushel of wheat.

EASY TO APPLY Use 1/2 ounce Anticarie SD per bushel of wheat. Mix at any time previous to seeding in your regular dusting machine. Although reasonable care should be exercised in its use, no special precautions need to be taken.

Could every one help in our Magazine Drive for the benefit of the Armed Service men in Korea?

Through kind co-operation of the Women's Auxiliary to the Princess Pats Canadian Light Infantry we may deliver these magazines to the above organization in Calgary.

If you have the following used magazines in your home we would be most interested in receiving them as these are some of the most popular magazines among the men in Korea: Times, Newsweek, Post, Quick (or any such small magazines); Sports magazines of any description; Reader's Digests or other digests. Any other magazines containing short articles which can be read quickly.

Please bring all the magazines that you are willing to give to this worthy cause to the High School rooms. Deadline is March 13. Sponsored by the High School Junior Red Cross. Thank You.

Home And School Association

Regular meeting of the Home and School association met on Feb. 24 in the typing room of the new school. There were 36 people present. A discussion was held on the recreational classes being held after school. It was decided as there are only two months left that we start them in October.

It was moved and seconded that we purchase a clock for the room that has the buzzer in it.

A tour of the school was made and lunch was served.

Mrs. Annie Roemmele received word on Wednesday morning of the death of her brother Ernest Forrester of Melbourne, Ont., who died that morning Feb. 25 in his 68th year. He lived east of Carmangay during the 20's and left here in 1928 to go to Melbourne, Ont. where he has resided since. His wife predeceased him in September, 1950.

He leaves to mourn his loss six daughters and one son. All living in the east, also one brother of Melbourne, Ont.; two sisters, Mrs. Lillian Marr of Pinckney, Mich., and Annie Roemmele of Carmangay.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

Sprinkler Irrigation: There are some interesting developments taking place in the sprinkler irrigation field, the latest to come to our notice is a wheel for each length of pipe, this is laid out for what ever length of line you want, then mounted on one length of pipe is a large sprocket and driven from a small engine. After you have finished sprinkling one setting all you do is start the motor and the pipe starts to roll carrying the whole line to a new set, according to our idea this would cut down on a lot of hard work. The connecting couplings on the pipes automatically release the water when the pressure falls below a certain level, this quickly reduces the load for the next move (also without any labor). We do not know of anyone in the Vulcan County using sprinkler irrigation at present but are passing this along as a matter of interest.

YOU can have Better Grades... Greater Yields with British LEYTOSAN

In one, simple, easy treatment of your seed grain you can assure yourself of increased crop profits. Leytosan gives your seed grain an extra chance by controlling soil-borne diseases efficiently and economically. This has been the experience of Western Canadian farmers during the past nineteen years.

Check these features:

- Increases Germination
- Improves Grades
- Stops Smut
- Helps Check Root Rot
- Free-Flowing
- Practically Odorless

For those who prefer a wet treatment, Leytosol "C" is most effective in the control of soil-borne diseases.

In wire worm areas, effective control of this menace may be assured by the use of Leytosan G-91. Leytosol G-91 is a dual treatment possessing all the qualities of Leytosan in controlling soil-borne diseases.

It pays to do business with Britain because Britain, in turn, is one of Canada's best customers. When you buy British products such as Leytosan you help sell your own grain.

GOVERNMENT BUSINESS

Alberta's Gas Export Policy

In 1938, the Alberta Government set up the Conservation Board to stop the waste of gas in the Turner Valley field. In 1949, the Gas Preservation Act was passed to control gas export and to protect the requirements of Albertans taking into consideration the future population, growth and industrial development.

Present proven reserves are easily sufficient to meet the needs of Alberta for 10 years. As each year goes by the 10-year period moves ahead, and no export permit will be granted unless there always remains a minimum 10-year supply. Only then will surplus gas be exported.

Gas in the form it is taken from the ground however, is not the gas that is exported. Before gas goes into a pipeline, any substances economically recoverable, such as sulphur, ethane, propane, butanes and natural gasoline are extracted. These rich raw materials are more valuable than the residue gas, and provide the materials for petro-chemical expansion and can be used for products such as acetylene, alcohols, glycols, glycerine, rubber, carbon disulphide, benzene, detergents, insecticides, explosives, fertilizers and polythene.

Propane, extracted from gas, is a fuel equal in convenience to natural gas, and can be stored in pressure tanks for home use or to supply communities. Consumption of propane in Alberta has increased tremendously in the last few years, to a point where it had to be imported from the United States in 1951. Development of a petro-chemical industry and assuring adequate supplies of propane for thousands of Alberta farm and rural homes which cannot be economically supplied with gas because of transportation and distribution costs, depends upon an export market for residue gas.

For gas to benefit Albertans and others, the resources must be developed to the fullest extent. Your government has adopted a conservative export policy to protect your interests indefinitely.

The W.A. meeting was held at the home of Mrs. Bessie Siler on February 17. Since this was Shrove Tuesday, a pancake luncheon was enjoyed by members and guests. It was decided to have the Irish Concert on March 17.

Mr. and Mrs. Albert Orcutt were Lethbridge visitors on Saturday. Mr. and Mrs. Elwood Granlin, Elaine and Laverne are at the present time visiting Mr. and Mrs. Ingvald Granlin at Palm Springs, Calif. Elaine will enroll at Woodbury College, Los Angeles.

The C.W.L. met at the home of Mrs. Wilbur Matlock for the February meeting. There were 40 members present. Mrs. J. Hunzinger and Mrs. L. Iverson assisted Mrs. Matlock in serving a delicious lunch. The next meeting place will be announced at a later date.

Mr. and Mrs. Dorne Arnold are the proud parents of a baby girl, born on Friday, Feb. 27 in the Vulcan hospital.

Mr. and Mrs. Wilfred Green and family, Mr. and Mrs. L. Burke and family and Mr. and Mrs. A. L. Siler and family were Sunday dinner guests at the home of Mrs. Bessie Siler.

Alfred Little underwent an appendectomy in the Vulcan Hospital on Saturday.

Friends of Mrs. George Rhodes will be sorry to hear she has suffered a heart attack, and is at the present time confined to her bed, at her home in Calgary.

Mr. and Mrs. Peter Holm returned on Tuesday of last week from a holiday spent in California.

Mr. and Mrs. Howerton spent Sunday in Calgary, visiting Mrs. Howerton's father, who is a patient in the General Hospital.

Mrs. Emmy Fraser spent the weekend in Calgary visiting with friends and relatives.

Mr. Stephenson who has been a patient in the Carmangay hospital, is at the present time residing at the Scottish Nursing Home in Calgary.

The W.I. met at the home of Mrs. Tim Barry on Feb. 19 with nine members and one guest present. The roll call was answered by the exchange and reading of Valentine verses. The Hot Spot entitled "What is a Girl" was prepared by Mrs. Aillon and read by Mrs. Little, due to the former's absence. Mrs. Knudson, retired from the Sunshine Committee and Mrs. Frank Little was nominated to take her place. The District Convention to be held in Lethbridge was discussed and Mrs. H. C. Jopling and Mrs. Hunzinger were nominated as delegates. Mrs. Sisson prepared the Home Economics paper and due to her absence Mrs. Hunzinger was called upon to read it. The W.I. have very generously offered to canvass for the Red Cross. It was also discussed and planned to hold a tea for Mrs. Peter Patterson who has left the Institute and is now residing in Calgary. The raffle donated by Mrs. Jopling was won by Mrs. C. Miller. The next meeting is to be held at Mrs. R. Hegland. A delicious lunch was served by the hostess assisted by Mrs. C. Miller.

Dougie Fleming, small son of Mr. and Mrs. Fred Fleming Jr. had the misfortune to fall into a hole, while playing in the school yard on Friday morning. He was taken to the Vulcan hospital on Friday afternoon, where he is still a patient.

Mr. and Mrs. George have returned home after spending several days in Calgary. Bob and Bruce Stewart are working in the Drumheller district at the present time.

Miss Margaret Miller spent the weekend at her home here. Mr. and Mrs. Charlie Lebsack have bought a home in Calgary and are making preparations to leave their farm home this week.

Mrs. Wayne Anderson left last week for a short visit with relatives in Seattle.

Mrs. A. Versluys

Funeral services for Mrs. A. Versluys were held from Martin Bros. funeral chapel on Thursday, Feb. 26. Mrs. Versluys passed away in her 72nd year at her home in Abbotsford, B.C. She was born in Holland and moved to this country, settling at Monarch in 1910. She resided at Barons for 18 years and at Champion 18 years. She moved with her husband to Abbotsford in 1947. She leaves to mourn her passing, her husband, two sons, Cornelius of Champion and Arle of Taber, and two daughters, Mrs. Borer of Carmangay and Gertrude of Toronto. Interment was in Lethbridge.

IN MEMORIAM

Larkins: Patrick John Larkins, who passed away March 6, 1951. We often think of days gone by. When we were all together. A shadow o'er our lives has cast. Our loved one gone forever. —Ever remembered by his wife —Margaret and family.

Thank You Card

I wish to thank Dr. Szekely and the nurses at the Carmangay hospital for the care and kindnesses shown me during my illness. I also wish to thank the friends and neighbors who were so thoughtful. —Margaret Larkins.

Change In Date
Of Macleod Sale

The auction sale on the H. B. Macleod farm 2½ miles from High River which had been advertised for Monday, March 23 has been advanced in date to Wednesday, March 11 starting at ten a.m. The reason for this change is that unknowingly the huge sale of Hereford cattle and equipment of W. A. Crawford-Frost of Nanton had also been set for Monday, March 23 and advertised in advance in the Hereford Journal.

In this conflict of dates, Mr. Macleod has very obligingly consented to advance the date of his sale to Wednesday, March 11. His sale includes a large amount of late model farm equipment in first class shape; blacksmith equipment; horses and harness and household goods.

It is understood that the Crawford-Frost sale is on a very large scale including purebred Hereford stock and so on. The word is that the farm lands and home buildings have been sold. At any rate both these sales are of such proportions as to draw a tremendous buying public and the conflicting date would detract from both. Mr. Macleod's concession in changing his date to March 11 is appreciated by all concerned.

Milo News

There just doesn't seem to be much news to be had this week. Most of the male population went to Calgary to the bonspiel and while not many of the women accompanied them those that remained at home got snowed in and didn't get a chance to do very much but take care of the children and keep the home fires burning. Of the six teams that took part in the bonspiel from here not one of them came home with a prize of any kind. As Clifford Hellevang said, there were no prizes but lots of surprises. There were more entries from Milo in that bonspiel than from any other single place not including Calgary itself. You would think that Milo was really a curling centre of some kind and so it seems to have become. Well, they had a lot of fun and that is what counts unless you are a curler that curls for all you are worth and doesn't take

time out to enjoy the game. Then if you don't get in the prizes your whole life is ruined. Among those that accompanied their husbands to Calgary were Mrs. Hap Heather and Mrs. Lloyd Armstrong. They enjoyed watching the games but on those eleven-enders it got rather hard on the nerves.

While so many of the men folk were gone, we had our first real storm of the year and many of the roads were drifted in until travel was halted. Our county sent us out a snow plough to open up the van roads at least. There didn't seem to be anything really wrong with the plough except that it was allergic to snow. That meant that it must be kept out of the snow as much as possible which was certainly what happened. It seems that the policy developed was that if the snow plough could go through a drift with the blade up, anyone could go through. Well, as this is not always the case. Many got stuck following this contraption down the road. The plough went through one road Monday afternoon and even though there was no drifting that night. Ernie Kiemle got stuck on that same road first thing next morning while trying to get through with his big truck. The van drivers had been told that their routes had been ploughed but that subject was cursed and discussed by them for several days or until they had worn a sufficient trail through to enable them to travel without shovelling. But in case you folks didn't know it, we have had the snow plough on our roads. By the way, the operator was not a local man.

who have resided in Milo for the past several years while Mr. Johnson managed the Bank of Nova Scotia here, have gotten a transfer and are moving to Spirit Wood Sask. in the very near future. A farewell party is being held for them on Tuesday, March 3 to wish them well with their new situation and to express the feeling of goodwill which exists for them in this community. The new bank manager is a man who served as a clerk in this same bank about 17 years ago. This man along with his wife and two children, will be moving into the house that has been occupied by Mr. and Mrs. Joe Thomson Sr. for so many years. Mr. and Mrs. Thomson are moving into the house that the Johnsons are vacating and which they bought over a year ago. Best of luck to the Johnsons and welcome to Milo to the Glazes.

Both Miss Johnson and Mr. Koob, teachers in the Milo school, have been very ill with this flu virus that has been getting so many people down. Mrs. Ross Bertrand very kindly stepped in and substituted for Miss Johnson but at last report there was no one in Mr. Koob's room to take over. A speedy recovery is wished for them and for all that have suffered a similar sickness. Maybe the open winter has been wonderful for getting about and visiting but the changeable weather certainly seems to have been bad for colds and the flu.

The County of Vulcan has just finished sanding and varnishing the floors of the United Church to compensate for the wear and tear caused by the children when the building was used as a classroom while the new school was being completed. The finished product is a credit to them and is very much appreciated by the church board and members of the church.

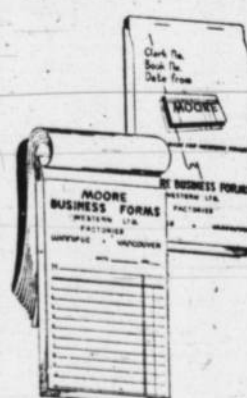

Two showers were held last week which are of interest to this community. On Thursday Mrs. Joe Thomson Jr. held a lovely miscellaneous shower for Jean McBean nee Page. About 25 guests were present who enjoyed the various entertainment. A variety of gifts were wheeled in by little Darlene Clement and Terry Heather in a decorated wagon. Mrs. McBean thanked those present with a few well chosen words, after which a lovely lunch was served. Mrs. Thomson was assisted by several ladies of the community who helped make the shower the success that it was. Another charming shower, for a bride-to-be this time was held at the home of Mrs. Miles Clemmons. As Mrs. Clemmons is the papers correspondent for the Majorville district, it is here assumed that a detailed account of this shower will appear in that column.

Spring must be just around the corner even if we can't quite see it yet because school is once more starting at nine o'clock. Once more the children who ride the vans must rise and shine before the sun comes up. That darkness in the morning seems to be what makes it so terribly early, but never mind, it won't be long before that lazy old sun will be shining brightly when you open your eyes and then the time won't seem so bad.

We are very happy and relieved to report that Janetta and Sharon Northcott, are both released from the hospital and home once more. Sharon had the quick recovery that only a child can have and is playing around once more and practically back to normal. Janetta is feeling better every day and getting around quite well on her crutches. One of her legs gives her considerable trouble but seems to be improving daily. Our most sincere best wishes for a speedy recovery are extended to both of them.

Friendship is a chain of gold
Shaped in God's all perfect mould;
Each link a smile, a laugh, a tear,
A nod of the head, a word of cheer
